

Everything Ready; Exhibitors And Others Busy Yesterday

Products of Brain and Brawn Shown In Attractive Exhibits

Manufacturers' Building, Filled to Overflowing With All Classes of Goods, Will be Big Feature of This Year's Fair—All Are Ready For Inspection

The Manufacturers' building, which will attract thousands of exhibition visitors daily, presents one of the most interesting spectacles at the grounds. Here are seen displayed the finished products of most of Edmonton's industrial enterprises, exhibits of stock from the big retail stores and many booths of eastern manufacturing firms and their agents.

The Alberta Milling Co., Ltd., of Edmonton, manufacturers of Capital flour and cream wheatears, have an attractive booth where their products are on exhibition. Campbell and Ottewill of Edmonton, also have an impressive display of their products, which include White Rose Flour and Cream of Wheat. Other exhibitors of cereal products are the Brackman-Miller Milling Co., Edmonton stock, the Hain Hood Mill, Ltd., of Moose Jaw and Calgary, and the Quaker Oats Co. The exhibit of the Edmonton Hosiery and Milling Co., makers of Yarrowhead brand, is most very attractive, having a large display of hosiery which are ranged rows of cool amber-colored socks, either the floor is covered with a layer of hosiery. Two racks of hose on one side of the booth, completely filled with hosiery, and with the hosiery and beer show both the raw materials and the finished product. The Strathcona Hosiery and Milling Co., of Edmonton, makers of the famous Yarrowhead brand, have a large exhibit, richly decorated in which their products are displayed in attractive stands in this district.

Swiss Big Exhibit. To the left of the main entrance is the booth of the Swiss Exhibition Co., of Edmonton. Open on three sides and with the stock neatly arranged, this large exhibit is undoubtedly one of the finest in the building and is of especial interest to Edmontonians because of the fact that the raw materials, as sheep, for the industry are furnished right in this district.

In the booth occupied by the Edmonton Soap Works are two cakes of soap which would probably suffice to cleanse the entire population of Edmonton, should that be necessary. The larger of these weighs eight hundred pounds, while the smaller one, the size of a cake of soap, weighs five hundred.

The Edmonton Soap Works has a large and varied exhibit of its products including their Rhapsody and Brand Vinegar. The booth of the Harbison Brick Co. and the Edmonton Portland Cement Co. is a good example of what can be done with bricks in making an attractive home. The latter place forms the background for the company are neatly arranged about the booth.

Chinese Tea Shop. One of the most striking of all the booths is the Chinese tea shop of the Chinese Co. This is a booth in which a Chinese goods and the idea is carried out in Chinese signs placed on the walls and in pillars built of packed tea. This is probably the most picturesque of all the booths.

On the right of the main entrance is the exhibit of James Ramsey's hardware department store. Here is located the usual exhibition of stock, as several of the most modern models found in the latest fashions.

H. H. Crawford, of Edmonton Stock, manufacturers of various line, etc., has an attractive booth in which are displayed some ten miniature, a "fresh new" motor, proper sleeping tent, carpenter's bags, mattress and cushions.

GENERAL INFORMATION FOR EXHIBITION VISITORS

For city police phone 1211. In case of fire phone 966.

HOSPITALS
General Hospital, phone 1015.
Royal Alexandra, phone 71131.
Misericordia, phone 1053.

AMBULANCE SERVICE
Connolly & McKinley, auto, phone 1255.
McCopp & Lambert, phone 4515.

Andrews Bros, phone 1639.
North Side.

R. Wainwright, phone 3025.

STREET CAR SERVICE
All cars going east on Jasper run to the fair grounds.

The South Side will have a ten minute service running direct to the grounds instead of up First St.

First St. will have a ten minute service from Vermilion St. to Jasper.

Special cars from Ninth and

Jasper every ten minutes.

Special cars from First and Jasper every ten minutes.

Alberta Ave. will have a ten minute service.

Syndicate cars will run to Spruce, then along Spruce to Kinnaird to the Willow St. entrance. A ten minute service.

There will be about thirty cars in service, all extra going east to the main entrance.

To drive to the Exhibition grounds—Go up either Fraser, Namayo, Kinnaird or Spruce to the Willow St. entrance, then along the Boulevard, Pine and Saunders Sts. to Willow St., then to the grounds.

The alternative route is to go east on Jasper to Kinnaird, then on Kinnaird north to Willow, then to the grounds.

RAILROAD TIME TABLE
C. P. R.
Trains arrive on north side 7.15 a.m., 7.45 a.m., 22.15.

First of these is that of the Hewitt wholesale department, in which is a display of ranges. That of the Northwest Hardware company exhibits a variety of ranges and stoves, while the Canada Maltese Steel company are also showing ranges. The Crown Hardware, Ltd., has a large exhibit of ranges, plumbing fixtures, locks, door handles and other varieties of hardware. Gault and Porteous are exhibiting the first line of stoves and ranges.

The Patrie Manufacturing company of Hamilton occupy a large booth in the southern portion of the building, where gasoline engines and Marmet cream separators are on exhibition. This booth is attractively arranged.

A large number of Singer sewing machines are being shown, and the McCaskey Account Register company have a complete line of scales.

A Saskatoon Exhibit. Stamos, Ltd., of Saskatoon, manufacturers of tennis rackets from India and springs, occupy a booth where their products are displayed.

Many of the large Canadian piano manufacturing companies have their instruments on view in the building.

The Canada Maple Exchange occupies a large booth at the eastern end of the building, where small maple products are displayed.

Immediately inside the main entrance are several remarkable exhibits. One of the largest and most imposing of these is that of the Caledonian department store. All the goods, tastefully arranged, in it to be seen here. The Robinson company, merchant tailors, also have a large booth here as have the Acme company and the Fry company.

The J. McLaughlin company of Edmonton have an attractive exhibit in the south end of the building. In it there are three soda fountains and fountain bottles of the famous Heighe beverage and other products of the company.

Where Gay Colors Are. Stuart and McKibbin occupy a large booth in which are displayed a varied assortment of gentlemen's haberdashery and ladies' lingerie. Stuart and McKibbin are manufacturers' agents.

G. H. Graydon, the druggist, occupies a well-arranged booth where medical supplies are displayed.

H. H. and company are exhibiting a line of kokas and films. In this booth also are many examples of the work of amateur finishing.

The Hyson-May company, limited, photographers and artists, have a small but interesting exhibit.

Ross Brothers occupy a large booth where the firm is showing some samples of their stock of plumbing and heating apparatus.

The exhibit of Bridgman's studio occupies a small but attractive booth, the walls of which are covered with examples of the photographers' art. Some of these are very beautiful.

The Marshall-Wells Alberta company, limited, of Calgary, are exhibiting an exhibit of electrical appliances and fixtures. This marmalade is composed of both oranges and lemons which give it a unique flavor. The company is the only makers of this style of fruit.

W. N. Hunting and company, limited, of Edmonton, occupy a booth where good Cheer furniture and ranges, manufactured by the Jas. Swanson Mfg. Co. of Woodstock, are on exhibition.

Water Wings Cause Drowning. Yesterday afternoon, a young boy, aged 25, was drowned in Ladysmith river, supposed to assist him in swimming because entangled so that he was held under the water and sank.

Trains leave north side 8.15 a.m., 14.45, 22.30.

POLITICAL CHARGE CREATES INTEREST

A case of assault was brought against Mr. J. P. and three others, before Justice of the Peace on Thursday by Paul Hodge.

Mr. Morrison appeared for plaintiff and Mr. McKee for defendant. The case was postponed to a political meeting held some weeks ago.

Eddy's 'Safeguard' Safety Matches

- in special convertible box.
- good matches always ready at the bottom.
- burnt sticks are dropped in the top.
- noiseless; heads do not glow.
- and absolutely non-poisonous.

For safety's sake—Eddy's 'Safeguard' Matches—ONLY—should be in every home.

Eddy's Matches are the only NON-POISONOUS matches manufactured in Canada.

Have Better Rest at Night, Do Better Work by Day—Drink

's Rock Water

Alfred L. Lewis, M.D., L.D., the famous Professor of Pathology, says: "Mineral Water should be freely drunk at all times. Especially those who are afflicted with various ailments should be of great service."

WHITE ROCK Water is the only water in the world which specifically meets these requirements. WHITE ROCK is an absolutely pure, delicious, sparkling water, rich in minerals, and is the best water for drinking. It is the famous WHITE ROCK Spring of Waukegan, Wis. Drink WHITE ROCK. "You'll like it soon enough."

Calender of Each Days Events At the Exhibition This Week

71181—Eastwood Electric Co., 227 Kinnaird St.

The newest for fall is being paced in respective departments daily

Select your fall suit this week

Now every man will have some spare time during this week—if he doesn't get it during the days he'll find himself free on Saturday evening. This week we want to show you the latest arrivals in Suits and Overcoats. Lend us a few moments of your time and you'll be well repaid.

FALL SUITS are arriving daily. The stock is rapidly filling up. So we advise an early inspection of our \$20 to \$40 Suits while the early Fall stocks are complete.

FALL OVERCOATS \$15 to \$50 are here in abundance. All the newest in models and fabrics are on display. Drop in early and look around. We'll show you.

The Arme Co.—second floor.

Edmonton Exhibition Week

Will bring many to our city, we fully expect the city to be crowded to its limit, perhaps you will be among that crowd and want a place to rest sometime during the week. It is the desire of the manager of this store that all bear in mind that you are welcome to use this shop as their headquarters. A large spacious rest room is at your disposal, free telephones, stationery and many other "little things" that will add to your comfort. Information in regards to the city and otherwise will be gladly given.

—"THE AD-MAN."

The Arme Co.—second floor.

The front lacing Gossard corset

The front lacing principle has accomplished much for the comfort and convenience of women's dress.

Of even greater importance than front-lacing, however, has been the genius displayed in the actual designing and making of Gossard corsets.

So outstanding and thorough has been this work that, great as front-lacing principle is, the Gossard method of design and manufacture transcends it, and the two combined occupy a position so commanding that they are now regarded as an international vogue.

There is a model for every figure of which we carry a complete stock. A corset for every purpose also.

Experienced corsetiers in attendance to see that you get a corset that is intended for your figure.

The Arme Co.—second floor.

Introducing new fall coats, suits, petticoats, millinery, hosiery, etc.

Suits in numerous varied styles

We are showing many different styles of suits all which we are sure will meet with great favor. Cut-away coats 36 inches in the back length. Some are made like Eton in the front with coat-tails in the back; others are sharply cutaway just below the waist line and again some have round and others pointed corners.

The skirts for all are of various types, many suggest the Oriental idea, with fullness in the front; produced by using a pleat or front drapery and again the split skirt seems to be much in favor.

Other styles in suits—have the use of vests and of odd collars and cuffs.

Large assortments that cannot be mentioned for the want of space, are here, for your early selection.

Prices range from \$17.50 as high as \$85.00.

The seven-eighths coats will be popular

For a practical coat we do not see why the seven-eighths coat will not be popular. This is made extremely long which makes it excellent for travelling and motoring, being as long as 52 and 54 inches. Quite a few of them are shown with narrow effect around the hem with broad shoulders softened by the use of a deep yoke on a raglan or kimono sleeve.

Many other styles are also shown in this section of the store.

The materials seem to run to woolsens of all kinds and the rough effects seem to predominate. Also here are many pile fabrics.

Every material is shown in the most attractive colors of the season, but richness of materials makes that more appealing to the eye.

The main feature that is most in favor in the coats, is the new thick collar which buttons at the throat. This idea will be found on many of the latest.

An assortment in the department priced from

\$15.00 to \$85.00.

The Arme Co.—second floor.

The Arme Co.—second floor.

"Kayser's" hosiery—one that's classy

Recent arrivals in hosiery—and silk ones at that, made by the celebrated maker, Julius Kayser Co.

The Kayser Wonderfoot silk hose is made with re-inforced garter tops. The toes and heels are interweaving of fine thread which protect the foot against wear, making them very serviceable. Each pair is pure silk and full fashioned. Shown in colors of tan, champagne, pongee, pink, blue and black and white. None we think are made better than these.

\$2.00

The Kayser Italian Silk Hose—One that does not rip or run. is shown in colors of red, green, tan, navy and black and white. None we think are made better than these.

\$2.00

Per pair, at—main floor

Showing of early fall millinery---that's correct

New types of millinery incorporating the dominant styles for early fall wear are shown in great numbers. Among some of the most noticeable ones that we consider correct have been given a slight description of, as near as possible, below:

One style is a Velvet Street Hat made on the order of the students' caps of 1830, trimmed with black moire ribbon and feather novelties.

White Flush Street Hat, made with a navy under brim; the crown

is soft and trimmed with imitation feathers, making this one a very classy headwear.

A fashionable model is the High Back Flare Hat, made of black velvet and blue moire; made with soft crown and novelty trimmings.

And again, here is the Chic New Turban, with a high flaring black velvet brim and satin crown. Ribbons and quills make the finish in the trimming line.

The Arme Co.—second floor.

We could go on all day describing these many different styles that we are now showing. The above is just to give you an idea of what is here in this "store of quality" if you are thinking the least bit of your fall millinery; The prices are within keeping of every purse, ranging from \$10.00 and as high as \$25.00.

Calcedonians Clinch Title by Defeating Radicals 4-0—Radials Played Ten Against Eleven and Were Outclassed—Collier Starred For Champions

The Calcedonians are again champions of the Edmonton Association Football League. They gained the title of "one-time-champions" by defeating the Radicals at Diamond Park last night by the score of 4 to 0.

The "Callies" win was decisive. Playing ten men against eleven the Radicals had absolutely no chance with last year's champions. The Radicals played good football during the first half of the game but it appeared to be only a matter of time as when the Callies went to run up a sufficiently large score to win the game. They outplayed their opponents throughout and the Callies looked more like the champions of 1912 than at any time this season.

The Radicals kept the Callies at bay until within a few minutes of the termination of the first half when

Collier touched the first goal of the game. Collier was the outstanding player on the Callies team and their success was largely due to this brilliant player. Collier's goal was a pretty bit of play. He took a pass from centre and worked his way right through, beating Hatters back and scoring a very difficult shot. The half ended 1 to 0 in favor of the Callies.

Last year's champions had all the better of the play in the second period. Melnick made the score 2 to 0 shortly after the commencement of the half. Tredecker scored the third goal and kicked the fourth. The Radicals worked hard all the time, but found it impossible to get inside the Callies back line.

A fairly good crowd was on hand but the game was played on a wet field and the brand of football was not at the best.
